

The Grissom Air Museum is looking for a few good people to serve on our Board of Trustees

If you are:

- Passionate about non-profits in your community
- Dedicated to providing educational opportunities for all ages
- Love to share the story of America's veterans
- Committed to sharing your skills with like-minded individuals
- Determined to ensure that history is preserved for the future
- Wild about aviation and/or military history

then we want you to be part of our organization! The Grissom Air Museum is one of only a handful of museums in the whole of the U.S. to focus on the Cold War era and the only one in Indiana. Our board supports the work of our passionate staff and volunteers to ensure that every story entrusted in our care gets the respect and compassion it deserves.

Join the Grissom Air Museum today and ensure that yesterday's stories inspire tomorrow's visitors.
